WORKMANSHIP

Putting the right tools and the right equipment into the hands of the right people. That's the secret behind our advanced levels of craftsmanship and remarkable attention to detail.

COORDINATION

Amps & Volts work closely with the build-out teams and subcontractors, creating a professional upgrade and expansion plan that works within the schedule and budget.

204 WASHINGTON SERVICE STEP 1

- Removed wooden plywood from floor to expose trench for conduit pipe
- Measure distance from new End Box location to 1' after property line (**con-ed pipe meet**)
- Cut 4" conduit to length that is needed to meet distance requirement
- Before laying the 4" conduit , **Make sure** to bury the ground rod in the same trench next to the conduit but distance enough to **NOT** hit the end box (**AT LEAST** 8 FT MUST BE BURY INTO THE DIRT)
- After ground rod is in the dirt , lay the 4" conduit on the dirt.(4" conduit Must be **AT LEAST** 24" from floor level **BUT** no more than 30") (**ALSO** make sure to cover the end of the conduit that con-ed will be connecting to **SO NOTHING** can get in)
- After conduit is laid in the trench, u can measure and mark out the water proof End Box **SO** that con-ed 4" conduit can enter through the **Back** of the box
- Once that hole is measure and cut out, you can now proceed into **Leveling** the box and marking the wall for **Mounting** of End Box.
- Once the box is **safely** mounted and **supported** make sure to put 4" plastic bushing on connector and cover pipe hole so that **Nothing** can get into the pipe
- Once task is **Completed**, Make sure to close up the **End Box**

PLANNING

An effective, streamlined, all-encompassing plan is the first priority of any project. We do more than just plan to "expect the unexpected". Our extensive experience ensure the unexpected never happens.

RELATIONSHIP

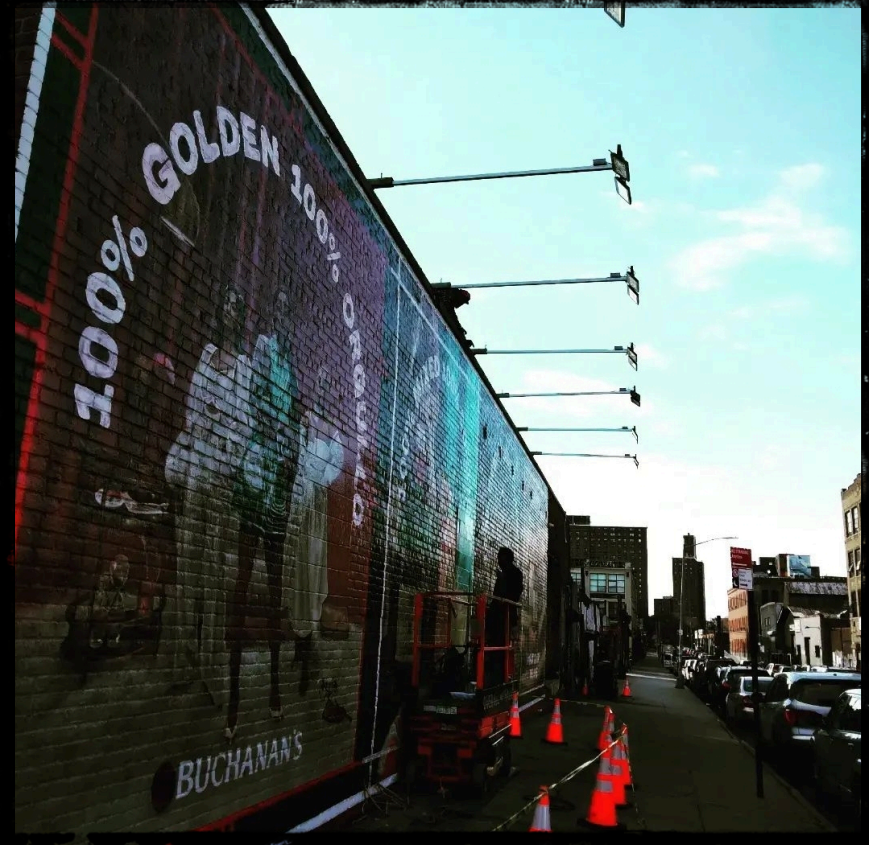

Loyalty.

Integrity.

Dedication.

These values are woven into the fabric of every relationship.

We've earned the respect of developers and contractors across New York City... because we put the relationship first

Construction Safety Policy

Alcohol and Drug Workplace Policy

AMPS & VOLTS ELECTRICAL CONTRACTORS INC. , intends to help provide a safe and drug-free work environment for our clients and our employees. With this goal in mind and because of the serious drug abuse problem in today's workplace, we are establishing the following policy for existing and future employees of AMPS & VOLTS ELECTRICAL CONTRACTORS INC.

The Company explicitly prohibits:

- The use, possession, solicitation for, or sale of narcotics or other illegal drugs, alcohol, or prescription medication without a prescription on Company or customer premises or while performing an assignment.
- Being impaired or under the influence of legal or illegal drugs or alcohol away from the Company or customer premises, if such impairment or influence adversely affects the employee's work performance, the safety of the employee or of others, or puts at risk the Company's reputation.
- Possession, use, solicitation for, or sale of legal or illegal drugs or alcohol away from the Company or customer premises, if such activity or involvement adversely affects the employee's work performance, the safety of the employee or of others, or puts at risk the Company's reputation.
- The presence of any detectable amount of prohibited substances in the employee's system while at work, while on the premises of the company or its customers, or while on company business. "Prohibited substances" include illegal drugs, alcohol, or prescription drugs not taken in accordance with a prescription given to the employee.

The Company will conduct drug and/or alcohol testing under any of the following circumstances:

- **RANDOM TESTING:** Employees may be selected at random for drug and/or alcohol testing at any interval determined by the Company.
- **FOR-CAUSE TESTING:** The Company may ask an employee to submit to a drug and/or alcohol test at any time it feels that the employee may be under the influence of drugs or alcohol, including, but not limited to, the following
