

Dear Arts Patron,

Steel River Playhouse has been strengthening the community, inspiring creative exploration, educating and entertaining through the arts for 14 years due to generous patrons, such as yourself. Each season we share stories on our stages, inviting the community to explore, discuss, and share. This season will be no different.

Our first production of the 2022-2023 season is *Little Shop of Horrors* and just like Audrey 2 and every plant at Mushnik's flower shop we need strong roots, water, and sunlight in order to bloom, thrive, and grow. We are rooted in our mission to continue to serve the community, but need nourishment from patrons, donors and sponsors to help us continue to grow.

We invite you to explore some of the sponsorship opportunities that we offer this season on the following page. Every level includes tickets to our Season Opening Celebration on Friday, October 7th, 2022.

Our Celebration includes dinner at The Blue Elephant 5:00pm-6:30pm, the opening performance of *Little Shop of Horrors*, 7:00pm and a champagne and dessert reception at intermission.

Thank you for your continued support of the arts and Steel River Playhouse. We hope to see you at the playhouse soon!
