BUILDING A HEALTHIER FUTURE TOGETHER

**UCLA FIELDING SCHOOL OF PUBLIC HEALTH
COMMENCEMENT CELEBRATION
CLASS OF 2024**

The UCLA Fielding School of Public Health acknowledges the Gabrielino/Tongva peoples as the traditional land caretakers of Tovaangar (the Los Angeles basin and So. Channel Islands).

As a land grant institution, we pay our respects to the Honuukvetam (Ancestors), 'Ahihirom (Elders) and 'Eyoohiinkem (our relatives/relations) past, present and emerging.

FROM THE PRESIDENT

Congratulations, UCLA Class of 2024! It is my honor to join your family, friends, and the entire University of California community in celebrating you and your many accomplishments.

I hope you will always take great pride in what you have achieved at the University of California, and in being a part of the UC family for life. I wish you the best of luck in whatever comes next.

When NASA's Lucy mission launched three years ago, it was the first spacecraft sent to explore a population of asteroids orbiting in tandem with Jupiter. A plaque inside the craft bears the bilingual poem, "Sunriders," by former U.S. Poet Laureate Juan Felipe Herrera—an alumnus of UCLA. This poem captures the essence of the discovery and knowledge-creation you have been engaged in during your higher education. It reads:

*Lucy carried us
tumbling through planetesimal trails
who will we be?
compassion
science
humanity —
Light*

love saved us

Bruins, we are proud of you. I know you will make the world a better, brighter place. *Fiat Lux*—Let there be light!

Dr. Michael V. Drake
President
University of California

FROM THE CHANCELLOR

Members of the Class of 2024, congratulations! You did it!

Graduating from UCLA is an incredible achievement, and offers us a special opportunity to reflect on your years of diligence and hard work. Your time here has undoubtedly been filled with challenges, growth, and unforgettable experiences. You faced truly unique circumstances as a class—including navigating the COVID-19 pandemic—and your resilience in the face of adversity and compassion for one another has been truly inspiring. I hope you are proud of all that you have accomplished, both as learners and as people.

Graduation also offers us a chance to look ahead—with excitement, curiosity and optimism—to the future that is about to unfold. The world urgently needs your creativity and passion. UCLA values of integrity, empathy, open-mindedness and a commitment to excellence will serve you well as you enter this next chapter of your lives.

I want to reassure you that your connection to UCLA does not end here. As alumni, you remain Bruins, and you will always have a home here. Whether you find yourself continuing your education or exploring new paths, know that our community is here to support you every step of the way. Take advantage of the resources and support services available to you as UCLA alumni and remember that you are part of a vast network of Bruins who are making a difference in the world.

On behalf of the entire UCLA community, I extend my heartfelt congratulations. We can't wait to see all that you will accomplish. May your futures be filled with continued success, fulfillment and limitless opportunities. And remember, once a Bruin, always a Bruin.

A handwritten signature in black ink that reads "Gene D. Block". The signature is fluid and cursive, with a large, stylized "B" at the end.

Dr. Gene D. Block

Chancellor

University of California Los Angeles

FROM THE DEAN

Dear UCLA Fielding Class of 2024,

I am honored to be with you and your loved ones on this momentous day, and to offer you my sincere congratulations on your graduation from the UCLA Fielding School of Public Health.

Your hard work, resolve, dedication, and resilience have brought you to this moment in your public health journey. You are uniquely prepared to make your mark and help ensure that the promise of a healthier and more equitable tomorrow becomes an enduring reality.

Today you will join more than 11,000 UCLA Fielding School of Public Health graduates from 73 countries who are working at the forefront of improving public health here in Los Angeles and around the world. I am confident that you will continue UCLA Fielding's legacy of exceptional leadership and service, and that you will envision and build solutions that will improve health and equity for all.

I wish you good health and happiness on your journey.

Congratulations!

Dr. Ron Brookmeyer
Dean
UCLA Fielding School of Public Health

2024 COMMENCEMENT SPEAKER

Dr. Tomás J. Aragón
Director and State Public Health Officer
California Department of Public Health

Dr. Tomás Aragón serves as the director of the California Department of Public Health and the State Public Health Officer, since January 4, 2021. Prior to coming to CDPH, he was the health officer for the City and County of San Francisco and director of the public health division.

Dr. Aragón has served in public health leadership roles for more than 20 years (communicable disease controller, deputy health officer, health officer, community health and chronic disease epidemiologist), including directing a public health emergency preparedness and response research and training center at the University of California, Berkeley School of Public Health.

As CDPH director, striving to embody and promote the universal values of dignity, equity, compassion and humility, Dr. Aragón works through collaborative partnerships to mobilize communities and institutions to transform policies and systems towards a culture of equity, antiracism, healing and health for all people and our planet. As State Public Health Officer, he exercises leadership and legal authority to protect health and prevent disease.

Dr. Aragón graduated from University of California, Berkeley (B.A., Molecular Biology; Dr.P.H., Epidemiology), Harvard Medical School (M.D.), Harvard School of Public Health (M.P.H.), and Stanford University (certification in Strategic Decision and Risk Management in Healthcare). He completed his clinical and research training at University of California, San Francisco (San Francisco General Hospital Primary Care Internal Medicine; Clinical Infectious Diseases; and Traineeship in AIDS Prevention Studies).

UCLA Fielding School of Public Health

Class of 2024

UCLA FIELDING SCHOOL OF PUBLIC HEALTH STUDENT PLEDGE

This pledge was originally written in 2019 by Cristina Valadez in the Department of Environmental Health Sciences and has been adapted for commencement each year since. It is meant to inspire and challenge us as public health professionals and scholars as we prepare to be changemakers in the world.

We started our time here at Fielding as students. Now we are graduating together, in person, into a world trying to navigate what it means to be post-pandemic. This pandemic has caused many individuals within the field of public health and beyond to grapple

with how to reform and rebuild systems that have resulted in the health inequities we have witnessed, experienced, and studied during our time at UCLA.

Today, as we graduate and enter the workforce, we will share our visions for more equitable social, political, economic, and health systems. We know the future is uncertain, but we have made it through our time at Fielding with new friendships, new knowledge, and new skills. We will not shy away from the hard work of collaborating across sectors to make our visions a reality.

We commit ourselves to the following oath:

- We pledge to use our education and resources to improve the health of our communities, today and every day.
- We pledge to center those who are disenfranchised and disproportionately exposed to unhealthy environments.
- We pledge to mobilize and advocate for the power within communities.
- We pledge to create human centered innovations, to thoughtfully engage with the finite resources on our Earth, and to create inclusive environments that honor our diversity.
- We pledge to continuously and critically examine the status quo and to actively work towards equality and justice in the world.
- As public health professionals and scholars, we hold sacred our duty to protect and promote the health of the public.
- This is our pledge.

Nos comprometemos al siguiente juramento:

- Nos comprometemos a utilizar nuestra educación y recursos para mejorar la salud de nuestras comunidades, hoy y todos los días.
- Nos comprometemos a centrar a aquellos que están privados de sus derechos y expuestos de manera desproporcionada a entornos no saludables
- Nos comprometemos a movilizar y abogar por el poder dentro de las comunidades.
- Nos comprometemos a crear innovaciones centradas en el ser humano, a comprometernos cuidadosamente con los recursos finitos de nuestra Tierra y a crear entornos inclusivos que honren nuestra diversidad.
- Nos comprometemos a examinar continua y críticamente el statu quo y trabajar activamente por la igualdad y la justicia en el mundo.
- Como profesionales y académicos de la salud pública, consideramos sagrado nuestro deber de proteger y promover la salud del público.
- Este es nuestro compromiso.
