WINERIES

*One of the perks of working in the wine industry is getting to visit and experience all of the amazing wineries around us!
Our staff has some amazing recommendations for you during your stay.*

Thacher

"I love that they are small production and family owned! Their property is beautiful and the wines reflect that."

- Amanda

Paix Sur Terre

"I love the small, family-owned and oriented wineries! Paix Sur Terre is a husband and wife team and their Mourvedre is so YUMMY!"

- Jill

Jack Creek Cellars

"Scenic drive with a beautiful collection of cool micro-climate wines on the West side! The staff is friendly, tasting room quaint and cute. Grab a bottle of their bubbles; you can't go wrong!"

- Jamie

Turtle Rock

"Located in Tin City, but it doesn't feel like it! They source fruit from some of the best vineyards on the Central Coast and I love that it showcases the diversity of our area. It's also super close to Negranti Creamery...you can't go wrong!"

- Kacie

Cass

"I don't get out to other wineries much, but I do love going out to Cass for lunch!"

- Toby

Sculpterra

"Sculpterra is the first wine club I ever joined. They have incredible wines and breathtaking sculpture gardens. It almost feels like I'm at a winery in another country when I'm there!"

- Kira

Firestone Brewery

"It takes a lot of good beer to make great wine!"

- Josh

Jada

"I love their elegant wines and beautiful property. The cheese pairings have never disappointed! The staff is passionate about educating those who are interested in learning more about wine."

- Terry

Hubba

"I had to pick one more! This is one of the few wineries I'm a member at! Very, very small production, her wines are beautiful and perfectly complex. The tasting room is located in Tin City and has an amazing 'backyard' area."

- Hayli

Fratelli Perata

"Big, bold Italian wines. Beyond the amazing wines, the feel of Fratelli Perata is so genuine and authentic. The Tre Sorelle Bordeaux blend has become a staple at my family's holiday party parties."

- Hayli

Rangeland

"Rangeland is a hidden Gem! Like us, they are small production and really focus on the growing conditions of their fruit. Amazing Cab, among others. The owners are usually around on the weekends and fun to chat with."
